

2022 Priorities for the Office of Advancement

Office of Advancement 2022 DEI Priorities

- Increase funding for student scholarships that attract a diverse student body. We will focus on attracting support for the Tri-Star Scholarship Program which includes the Flagship, Pledge, and Promise Scholarships through donor visits & solicitations.
- Partner with the Office of Diversity & Engagement to establish an Advancement position and then successfully recruit, onboard, and train this position.
- Provide DEI educational opportunities for new and current staff to help staff more effectively fundraise in a diverse world.
- Increase support for and advancement of Alumni Diversity Councils: Black, Latino, LGBTQ+ and Veterans by expanding outreach efforts and visibility amongst students, alumni, and campus partners.
